

Changing Skins to Personalize Game Play

Follow these steps to learn how to change the default Skin of the player

1. Click on the **hanger** to change the skin.

2. Alex and Steve default are at the top left of the menu and the recent skins used are on the top right of the menu.

3. Scroll the bar in the middle to locate different **Skins** choices.

4. Select the plus button on a **Skin Pack** of your choice to expand the selections.

5. Notice that each Skin has the role/name of that Skin displayed above each as you move your cursor across them.

6. Choose a new **Skin** of your choice.
7. Select **Confirm**.
