

# MIDDLE SCHOOL TRANSITION MINECRAFT INCLUSIVE SCHOOL

## CHALLENGE

All Kent School District 5th and 6th grade students are invited to participate in the Middle School Transition Inclusive School Challenge. There will be 3 rounds of district-wide competition for students to add spaces to their future middle school within the Minecraft environment. These spaces should highlight how the added space positively impacts the school community.

**Challenge Intro & Orientation Activities**

**Determine if you are working on your own or on a team made up of your future middle school classmates**

**Create a Flip video sharing how your idea to increases inclusivity**

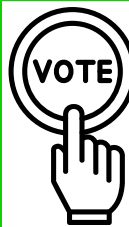

**Build your solution**

**Select a challenge topic & draft ideas**

**Students submit their ideas and present to their classmates**

**5th, 6th and Middle schools will participate in several rounds of voting to select top ideas!**
